

MEMORANDUM OF UNDERSTANDING

BETWEEN: United Academics of the University of Oregon, AAUP/AFT, AFL-CIO (Union)
AND: The University of Oregon (University)

RECITALS:

- A. On March 13, 2012, the Union filed a petition for certification without election of a certain proposed bargaining unit of academic employees employed by the University. On April 4, 2012, the University filed certain objections to the scope of the proposed bargaining unit. A hearing is currently set on May 7-9 before the Employment Relations Board to resolve the matter. ERB Case No. CC-002-12.
- B. The parties agree to resolve this matter on the follow terms.

AGREEMENTS:

1. The University will voluntarily recognize the Union as the exclusive representative of the bargaining unit described below, subject to the condition set forth in paragraph 2:

All full time and part time research and instructional faculty employed by the University, which includes tenure-related faculty, non-tenure-track faculty, adjunct faculty, post retired or emeritus faculty, library faculty, and officers of research, including research assistants, research associates, and post-doctoral scholars, but excluding (1) all supervisors, including but not limited to the President, the Provost, Vice Presidents, Vice Provosts, Associate Vice Provosts, Assistant Vice Provosts, Deans, Associate Deans, Assistant Deans and Department Heads; (2) all Law School faculty, and (3) all confidential employees.

2. The parties agree that employees listed on Exhibit A to this Agreement are excluded from the bargaining unit and that employees listed on Exhibit B to this Agreement are excluded from the bargaining unit at this time because they currently have supervisory authority.
3. The parties will amend the current Excelsior list to exclude those employees the parties agree are excluded from the bargaining unit and to account for the Union's April 4, 2012 objections to the Excelsior list originally submitted to ERB. If ERB confirms that the Union has obtained signed authorization cards from a majority of the employees on the amended Excelsior list, the University will voluntarily recognize the Union as the exclusive representative of the bargaining unit described in paragraph 1.
4. The parties will engage in an expedited process to determine the identity of supervisors and confidential employees excluded from the bargaining unit (other than those expressly excluded in paragraph 1 or 2, above) consistent with state law regarding such matters: (1) the parties will exchange information and meet and confer in good faith to identify those employees who are excluded. (2) To the extent the parties cannot agree, the parties will agree on a third party to review the information provided by the parties and

determine whether or not a particular employee is excluded. The parties will confer in good faith to establish the particular procedures for this third party review. If, after this initial process is complete, either party questions the exclusion or inclusion of an employee in the bargaining unit, the parties may agree to use this (or another) expedited procedure to resolve the dispute. If both parties do not agree to an expedited procedure, the matter may be put before the Employment Relations Board as allowed by statute or rule.
